HIGH SCHOOL NOTES.

Report cards have been given out and as usual some of the students are going around with long faces. Guess the reason.

Every day sees one more added to our little band—meaning the stragglers from Portola. They are still coming in slow but sure.

Another visitor, Alice Young '12. who has two months more work to do at San Francisco Normal before she will become a full fledged "school marm," paid us a little visit the fore part of the week.

Don't be alarmed friends if you should pass the High School and see a bunch of "men" at work. No, the State Penitentiary hasn't been moved here. It is only the boys leveling their long suffering tennis court.

CICERO.

Basket Ball Prospects

The High School has plenty of material for a good basket ball team and all they need is the support of the people of the town. Masquerade Ball

A grand masquerade ball will take place in Union Hall on Thanksgiving eve, November 26th. It will be held under the auspices of the Y. M. I. and promises to attract a large crowd. Full particulars will be published later.

WEISE-BIGELOW DAMAGE SUIT.

It Has Been Set For Trial by Judge Seawell on January 13th.

The damage suit instituted by Supervisor J. H. Weise against J. K. Bigelow a few weeks ago to recover the sum of $65,000 for defamation of character from a public platform in Cotati during the recall election, has been set for trial by Judge Emmet Seawell for January 13th.

It is alleged in Supervisor Weise's complaint that Bigelow asserted from a public platform before a large political meeting assembled in a public hall in Cotati that Supervisor Weise had accepted a bribe from Fetters Hot Springs resort in this valley for a liquor license and had confessed to him that he was under the influence of liquor while sitting on the Board of Supervisors at a time when important measures were before the Board.

The people of this valley are very much interested in the outcome of the suit, as Mr. Weise was born and raised here and public opinion is decidedly in his favor as he is now and always has been considered an honest and conscientious official, whose principal asset is a good reputation, as he is a poor man.

Vaudeville and Bazaar.

A very funny comedy will be the chief number at the high-class vaudeville entertainment and bazaar to be given at Union Hall November 14th by St. Barbara's Guild. There will also be a cake contest, open to any one who will donate a cake and for the best two cakes good prizes will be awarded, followed by an auction of all the cakes.

A splendid assortment of useful and fancy Xmas gifts will be for sale, also homemade candies, cookies, preserves, plum pudding, mince-meat etc.

Dancing will end the evening.

Bronco Busting and Races Last Sunday

The bronco busting and horse races given by a number of young men belonging to the Sonoma Driving Club, brought out quite a crowd on the club's race track here last Sunday.

The first race was for the three minute class, and was entirely for roadsters. L. Brubeck's mare, Isabella, won the race, winning three consecutive heats. The winning of this race against the favorite, Bonnie Direct, was largely due to the excellent driving of J. Murray.

The next event was for the 2:40 class. There were only two entries, "Red" driven by T. Millerick, and "Springtime" handled by its owner Ben Healy. Springtime won in three well contested heats.

The last trotting race was for the 2:30 class. The starters were Jack Murray's "Red Wings"; T Millerick's "Clara C." and E Cornelius's "Frenchy." Jack Murray with his "Red Wings" won the race with flying colors

Following the races was an exhibition of rough riding and bronco busting. Three broncos which were surely were wild enough to satisfy all spectators were successfully ridden and all riders proved themselves experts in the sport. Bull riding also was a feature that added excitement to the day's sport.

The Roman race was the last on the program and was between Tom Millerick and Jack Millerick. Jack showed himself to be as comfortable upon the backs of two spirited animals running at full speed as upon the back of one. Tom also rode his horses standing, going at high speed. The race was very exciting and as they entered the home-stretch the crowd cheered wildly.

Turkey Shoot and Raffle.

A raffle and 22-calibre rifle turkey shoot will be held near El Verano on the 16th day of November at 2 o'clock sharp.

Congregational Church, Nov. 2

Morning worship at 11 a. m.

A station agent of Bloomington, N. J., saw a man walking on the tracks of the Lehigh Valley Railroad. On his back he carried a huge package apparently containing household utensils as well as clothes. He seemed tired tho' he trudged sturdily on. The agent stopped him and ordered him off the track, telling him that he was liable to arrest for trespass, besides incurring the risk of being killed by a train. The man who was a Hungarian, demurred and produced a railroad ticket, good from Jersey City to Scranton, Pa. The agent looked at him in amazement and asked him why he was walking when he might ride. The Hungarian replied that he thought the tricket gave him only the privilege of walking on the road. His right was explained to him and he was delighted to board the next train. If you come to church next Sunday morning you can learn where to get on.

The Sonoma Y. P. S. C. E. will worship at 6:30 p. m. and every young person is invited to enter at the straight gate. Pass through the evening service of song and instruction.

The evening meeting will be in charge of the Men's League and the address will be by Mr. Reed of San Francisco on some phase of the school which is interesting our people at present—eight o'clock.

New Grammar School Proposition.

Following an editorial suggestion made in these columns a few weeks ago that a bond election be held for the purpose of providing a new and modern building for the Sonoma Grammar School, we are more than pleased to note that the suggestion is bearing fruit. The School Trustees and nearly every taxpayer in the district are heartily in accord with the bonding proposition and without a question of doubt a school bond election will be called before the new year and carried almost unanimously.

So far no opposition to the bond proposition has manifested itself among our people. On the contrary, it is meeting with remarkable approval from all classes of people, particularly from "the heads of families" and taxpayers in general. This being the case we are quite sure the Grammar School Trustees will make no mistake in calling a bond election for this much-needed improvement, and the sooner the better.

Civic Pride Impersonated.

It was good to look upon the small army of business and professional men who composed an array of volunteer workers on Native Sons Day in this city last Thursday, the occasion being the preparing of a site on the historical Sonoma Plaza for the Bear Flag monument, provided for by an Act of the last Legislature, which appropriated $5,000 toward commemorating one of the most stirring events of the Alta California days--the raising of the Bear Flag on our Plaza by a band of hardy pioneers who feared nothing in those days.

On the one hand was to be seen fifty volunteer men and twenty-five teams taking out and hauling soil for the purpose of leveling off the proposed site for the monument. On the other hand was to be seen under the shade of the trees in the Plaza, the leading women of the town working shoulder to shoulder with the men toilers and serving them gratis hot meals throughout the day. This evidence of civic pride augurs well for Sonoma and its future growth. It will bring results in the long run and cause one to forget and abjure senseless agitation for "reform" when there is nothing to reform in our midst, for we are a decent community. With agitation and discord out of the way we are doing things.

An army of laborers is working a transformation in the grounds of the Panama-Pacific International Exposition and in view of the progress that is being made in the construction of the exhibition palaces it is certain that the buildings will be completed several months in advance of the opening of the great fair. One of the most interesting pieces of construction work now going on is in Machinery Hall. The huge structure is crossed each way by a series of lofty naves, 126 feet high while the height of the building from the floor to the roof is 135 feet. The ornamentation is being placed on the interior of Machinery Hall. It consists in a cement like composition called imitation Travertine stone. It is a faint ivory yellow in color, several shades removed from white, and at a distance presents the appearance of white. In the brilliant sunlight this shade will not be as glaring upon the eyes as pure white is.

Fleets of steamers are unloading lumber at the exposition docks. More than 40,000,000 feet of lumber have been delivered of the required amount of 70,000,000 feet. As many as nine steamers discharge cargoes at one time.

New Citizens

At the session of the naturalization court, held in Judge Seawell's department of the Superior Court Tuesday, seventeen new citizens were admitted by Judge Seawell. Assistant United States District Attorney Littleton represented the government during the session. Those who were given citizenship included the following:

Samuel Hansen Sorensen, Page F. Lund, Carlo Sargenti, John Stechen, George L. Reed, Thomas B. Pascol, John Pozzi, Joseph Ghiotti, Henry Anderson, Antone Ghisleeti, Bruno Casini, Peter John Baxa, Luigi Paulo Chattanoo, Sigmund Selisburger, Pietro Perrari, Luigi Franchetti, Frank McKenna.

Government Report of Crop Conditions.

According to the October bulletin of the Department of Agricultural, the combined conditions (or estimate of yields) of all crops in the country for October 1st was about 13.6 per cent lower than their condition on October 1st last year and about 9.7 per cent lower than the average condition of crops on October 1st of recent years.

The California crop condition is placed at 87.7 per cent of normal as against 84.7 per cent for September 1st, which shows a decided improvement in thirty days. The condition of the orange crop of California is 76 per cent and that of the lemon crap 65 per cent.

The bulletin estimates the bean crop of California, a large portion of which is grown along the Sacramento River, at 80 per cent, as against an average of 88 per cent for the last ten years. The reduction is due to the dry weather.

The hop crop percentage is 97, a little higher than the country's average.

A Tribute to Mike C. From Los Angeles

A dispatch to the Evening Post of San Francisco from Los Angeles under date of Oct. 28th, tells this about the death of Mike C., the pride of Sonoma, where he was born and raised:

"It was a busy scene of intense life. The long rows of stables were alive with beautiful horses. Stable boys hurried here and there. Famous drivers walked slowly around their sulkies as they gave the equipment that last inspection before the race. Wealthy owners in long automobile coats strolled up and down between the long rows of stables stopping here and there to jest one another about the relative speed and gameness of their thoroughbreds.

A little wisp of a man with a frayed little goatee and a pipe long since gone out in the corner of his mouth was standing in front of one of the box stalls which seemed strangely quiet and dark. Stable boys gave it a wide berth and famous drivers passed on the opposite side.

A newspaper man hurried by. The little drab appearing man turned with the first show of animation and called to the reporter. "Say, are you a reporter for a newspaper?

"Yes."

"Mike's dead," said the little old fellow solemnly, and hooked his thumb over his shoulder toward the dark box stall. "He died last night of lung fever. Come here and I will give you a good story."

The reporter unconsciously tiptoed over to the dark box stall and watched the little drab man as he entered the place. On the floor under a blanket was the form of a horse.

Carefully and tenderly the little man raised the edge of the blanket exposing the head of the horse. Then his flat-tired voice suddenly became firm and proud.

"This is Mike C., 2:11, out of Sidney Dillon. He died last night. I owned him. My name is A. Dupont. He was 8 years old and born in Sonoma County. Say, will you put at the bottom of your story, San Francisco papers please copy"?

Enrico Forni won first prize in the woodcutting contest held here last week. It makes a great improvement, Henry. Keep it up. Vineburg will be as big as Sonoma yet.

King, the little fox terrier belonging to little Robt. Trautvetter, has been away from home for two weeks. Many tears can be saved by returning the canine to his little master at Vineburg.

It is rumored that J. F. Mayer will soon commence building a beautiful little bungalow to take the place of the old one that has served its usefulness. The people around here are of the opinion that Jake will not occupy it alone.

H. V. DuBois, manager of the Hewlett ranch situated between this place and Napa, was a visitor here Sunday. He is expecting a large shipment of alfalfa hay, which he intends using for winter feed for his cattle.

H. A. Pape, assistant manager of Pleasant Villa, took in the Portola festivities in the city and while there incidentally engaged offices to be used in connection with the newly organized real estate firm that was recently mentioned in this paper.

Our Jimmie of the Eagle was met in San Francisco during the Portola celebration and said that he was on his way to Los Angles to be married to the sweetest little girl in the world. We understand that Vic was best man. Why didn't you invite the rest of the bunch along, Jimmie?

Grand Opening Ball

There will be a grand opening ball of "Harry's Inn," Glen Ellen, in Chauvet Hall, on Saturday evening, Nov. 15th. Fine music will be furnished and an admission fee of only 25c will be charged. Of course everybody will be there who cares to have a good time.

Notice

The attention of the public is called to the fact that E. C. Campbell has removed his business, the Star Soda Works, off First street West behind the Heggie Bldg.

Hay Market

Somers & Co., in their weekly bulletin, report the hay market for the past week:

"The hay trade both local and throughout the interior continues quiet Arrivals in San Francisco amounted to but 2036 tons the last week and 2230 tons the week previous. A large portion of these arrivals was alfalfa from the river districts, the long season permitting growers to cut and cure their late crops,

"Alfalfa on account of its cheapness, as compared with grain hay and also on account of it being such excellent feed, is being used very extensively both in the cities as well as in the interior districts. The crop of alfalfa throughout the State was excellent this year and although shipments have been heavy during the harvest season, yet there promises to be sufficient to supply all demands until next season's crop is harvested.

"The prices of the various grades of hay remain unchanged on the market here although there is a tendency on the part of the farmers who still have their hay, to hold for higher prices but there is no general movement to buy, for the outlook of brisk trade is anything but encouraging."

THE GRAMMAR SCHOOL TRUSTEES.

Endorse and Favor a Bond Elecfor Erecting a New Grammar School Building.

At a meeting of the Board of Trustees of Sonoma school district Sunday afternoon, the matter of bonding the district for a new school building was discussed in detail and plans examined. A set of plans for a substantial brick structure of one story and basement providing for six class rooms, auditorium, office and library on the main floor and toilets, heating and ventilating apparatus and play rooms in the basement, was quite favorably considered by the Board composed of Messrs. Carl Dresel, Philip Bill Sr. and Dr. A. M. Thomson, all of whom are very enthusiastic in the movement. A petition is now being circulated for signatures of "heads of families" petitioning the Board "to call an election for the purpose of submitting to the voters of Sonoma School District the question whether bonds shall be issued and sold for the purpose of erecting a new modern school building." All petitions regarding school matters are signed by "heads of families" only in accordance with the school law. We make mention of this that voters not heads of families will understand that they are not being slighted All qualified electors have a vote on the proposition when brought to an election. There is no expense to speak of connected with an election of this kind, it being conducted in much the same manner as an election of school trustees All the necessary instructions and will be filled out at the proper time. To the credit of our people let it be known that the petition is being freely and willingly signed and a fine get-together spirit in this matter is being manifested. We congratulate the people of this district in so earnestly taking up this much needed improvement.

Large Crowds Greet Kamama.

Indications that Kamama's Success Elsewhere Will Be Duplicated Here.

Kamama's Offices: Hotel El Dorado.

Dr. John A. Kergan, physician, surgeon and lecturer, known as Kamama, the man who has created so much excitement by his remarkable cures of the sick, and his wonderful demonstrations on the rheumatics, the paralyzed and crippled throughout the State gave his first free lecture and entertainment at the Don Theatre Monday night before an audience that filled that cozy theatre. Kamama's entertainers, consisting of musicians, singers, dancers and comedians, kept the large audience in an uproar with good comedy and sweet singing and the moving pictures were especially good. Kamama stated in reference to his visit to Sonoma, that it was his purpose to advertise the famous Kamama Remedies, as well as to bring to all men and women suffering from chronic and nervous diseases the latest methods of medical treatment of the leading medical hospitals and clinics of Europe and America. That Kamama's treatment is a proven success is shown by the hundreds of testimonials that he has brought from cured patients in San Francisco, Alameda, San Jose, Los Angeles, Marysville and every city throughout the state where he has given his demonstrations.

Kamama Brings Many Proofs

Prominent and Substantial People Cured

Mrs. Francis Graves, 632 Monroe St., Red Bluff, Cal., wife of a prominent businessman, in an interview said: "Kamama's coming to Red Bluff has been a genuine blessing to the sick. I speak from personal experience in the cure that he has made in my case but best of all the cure he made in the case of my little daughter. For 4 years she suffered with what doctors in this city and in Sacramento called infantile paralysis. No doctors were able to relieve her pitiful condition and her left limb wasted away till it was but skin and bone, weakened and useless. She could not walk upon it. In the early part of Kamama's visit to this city I took her to his offices for examination, because I had h ard so much of the wonderful cures he had made in other cities. I began treatment at once for my daughter and in five days time she was able to use her limb and walk upon it the first time in four years. In a few weeks the limb had developed to its normal size. I consider the cure of my child a most remarkable thing for we had spent hundreds of dollars without the slightest sign of betterment of her condition.

CURES THAT MAKES HISTORY

A Well Known G. A. R. Man of San Jose Tells of His Cure

Mr. W. Wheeler, cor. Pacific and Lincoln sts. in a public statement said:

"For over 12 years I was a sufferer from rheumatism of the most aggravated form. The last years of my sickness I was unable to walk without crutches. My joints were terribly swoolen and my legs drawn. I spent over $5,000, in fact all that I possessed in the world, on doctors, medicines and mineral springs, without any benefit After three days of Kamama's treatment I threw aside my crutches, I could walk without them. My pain and swelling disappeared, and in two weeks I was entirely well and I still remain so.
